**PHOTOGRAPHS**

We take the issue of child safety very seriously, and this includes the use of images of children. We regularly include images of children in publications and on our website, Facebook page and social media threads, but we have a duty of care which means that children must remain unidentifiable, reducing the risk of inappropriate contact, if images are used in this way.

We ask that parents consent to the church taking and using photographs and images of their children. Any use of images at the church is underpinned by our Safeguarding policy. We will never include the full name of a child alongside an image.

May we use your child’s image in our Church displays, website ([www.thorntonmethodists.org.uk](http://www.thorntonmethodists.org.uk)), social media and printed publications? The images will only be used for Church purposes and the identity of your child will be protected. The images may also be used in and distributed using other media such as CD-ROM.
